

Paramotoring Taster Sessions

From Mid March

TASTER DAYS

An informative yet fun day at which you will gain an understanding of the sport of paramotoring, practice canopy handling, find out about the various machine options available for your weight and size, chat with existing pilots and find out what they love most about this great new sport. Milton Premier Paramotoring

Club Members get out together for the day and show you what the sport is about! Prices range from £99 to £199 depending on how many tandem flights you wish to have during the day and how much fuel is burned. (Tandem Flights are flights where you learn to control the aircraft with the instructor providing insight and instructions behind you in flight)

Sessions will be three to six hours depending on options chosen and weather for the day - and will provide an informative insight into the sport of paramotoring. The session forms part of the BMAA Foot Launch Micro light training syllabus

Taster Sessions Options

Package 1. £99. Fun Morning

Package 2. £175 Fun Day

Package 3. £199 Taster Day

AV8ER Paramotoring School

Fun Air Experience Morning

Suitable for ages 16 - 60

Get to see and listen to all the pilot preparations. See Pilots taking off and landing just for you. Get to see the different designs of paramotor and paraglider and get familiar with the equipment. Talk to the pilots and try equipment on. Learn to ground handle equipment, and at the end of the morning – get airborne with short hops down a gentle hill – you will have flown under your own control! Refreshments provided throughout the morning to keep you alert! ***And photos of your experience Emailed to you along with a certificate of your first flight!***

AV8ER Paramotoring School

Fun Air Experience Day

Suitable for ages 16 - 55

Serious look at paramotoring from the ground up. How the sport developed – what the rules are in the UK, canopy handling – short hops down a gentle slope learning canopy control – then – A TANDEM FLIGHT allowing you to fly over absolutely beautiful countryside with a birds eye view of the surrounding area. And the opportunity to control the aircraft. Includes - ***"I flew one of those"*** – certificates and digital photos of the experience forwarded later that day by Email or CD. You can then brag to all your mates that you flew one of those – and have the proof!

AV8ER Paramotoring School

Air Experience – Full Taster Day

We offer a full taster day for the pilots amongst us. Includes the fun Morning and Fun day syllabus – plus additional canopy handling – a look at how paramotors are made and designed - and TWO TANDEM FLIGHTS – making this a really action packed day – with lots to learn and see and do. And Great Value for Money!

At the end of the day you will receive your certificate that counts towards the first day of your licence should you wish to fly these machines as a sport within the same calendar year.

Disclaimer:

All forms of air sports are considered as "extreme sports" and there is a risk of injury. Any ailments must be declared before commencing the activity and a disclaimer is forwarded before the activity takes place.

A fun morning / taster day usually lasts for around 3 to 6 hours. We provide all the equipment. **However** - you will need to bring some boots or trainers with good grips on the soles so you don't slip, and some warm clothing for the day. We will supply water and soft drinks as required for the activity.
